

Why Join **KMTC**

@July, 2024

1. Expansion

45
COUNTIES

To deal with the shortage of health workers in the country, and in line with the Government's Universal Health Coverage (UHC) goals, the College has established Campuses spread over 45 of the 47 counties in the country. This expansion has ensured we are on the right path towards bridging the Human Resources for Health gaps, as a contribution to achieving UHC goals as envisioned by the Government.

2. National distribution of Campuses

84
CAMPUSES
in 45 of the 47 Counties

The national distribution of the College is our biggest uniqueness, increasing access and equity in middle-level medical training. With 84 Campuses spread in 45 of the 47 counties in the country, endowed with resources and a rich heritage, the College plays a key role in supporting the Government to achieve the UHC agenda and Kenya's Vision 2030.

3. Student population

62,807 + STUDENT
POPULATION 

KMTC's student population was 22,000 in 2013 and 23,000 in 2014. The population rose to an impressive figure of 33,000 as of March 2017 thanks to the expansion programme. To ensure equity in access to training opportunities, the College established admission desks in all Campuses to support admissions at the local community level. As a result, the student population currently stands at about 62,807.

4. Programme accreditation

KMTC programmes are approved and accredited by the relevant regulatory and accreditation bodies.

5. Graduation trends

transition rate from admission to graduation

Since its inception, KMTC graduations have remained consistently on an upward trend. The College released 7,501 graduates to the job market during the 2015 graduation ceremony with the number going up to 8,042 in 2016. In 2017, the number increased to 8,967 while in 2018, a total of 10,869 students graduated from the College. In 2019, 12,621 graduates were released to

the job market. In 2020, the number of Graduands went down to 4,114 due to the onset of the COVID-19 pandemic. In 2021 the number went up once again with 12,660 graduates released into the health sector. In 2022, the College graduated 15,915 students while in 2023, a total of 22,695 graduates were released to the job market. These graduates are ready to utilize their knowledge and skills to strengthen Primary Health Care which is the cornerstone for the realization of the Government's UHC agenda. The College records a 95% transition rate from admission to graduation.

6. Courses and Curricula

In line with the health objectives of Universal Health Coverage, Vision 2030, and Sustainable Development Goals, the College has introduced new courses which are market-driven, as well as developed, reviewed, and implemented curricula in line with emerging and

re-emerging health trends. Our training curricula are competency-based, 70% practical and 30% theory, reviewed after every three years to ensure we are in line with emerging trends.

To address emerging and re-emerging diseases, the College offers short courses to enable practitioners to meet Continual Professional Development and remain relevant in the health profession.

The training curricula across Campuses are unified ensuring our graduands are all qualified and ready to serve.

7. Academic resources

The College has fully equipped its teaching and physical facilities to ensure students have a conducive learning environment. All campuses have Wi-Fi internet connection and enjoy a wide range of digital diversity.

8. Placement next to health facilities

KMTC training programmes are skills-oriented and as such our Campuses are located adjacent to health facilities where students undertake clinical practice.

9. International Recognition and equation of Higher Diploma to University degree

— equating its Higher National Diploma qualifications to university bachelor's degrees

KMTC is ISO 9001: 2015 certified, giving our graduands international recognition, and enabling them to work in any part of the world. The College is now registered on the Kenya National Qualifications Authority (KNQA) Framework, equating its Higher National Diploma qualifications to university bachelor's degrees. This has linked KMTC graduates to training and career opportunities globally since their qualifications are aligned and verifiable to potential employers as well as higher education institutions.

10. Quality Assurance

UNIFORMITY,
QUALITY, AND EFFICIENCY

KMTC has put in place policy frameworks as well as stringent mechanisms, and carries out annual audits to monitor and continually improve excellence in teaching and learning. The College has strengthened its quality management systems, adopted world-class academic practices, and harmonized academic programmes and examination procedures across Campuses to ensure uniformity, quality, and efficiency in training is met.

11. Employability rates

PRODUCING
85 %

of middle-level health professionals
for the local health sector

KMTC remains the lead-trainer in the medical field producing over 85% of middle-level health professionals for the local health sector. In any health facility you go to in Kenya and even internationally, you will not miss finding a KMTC graduate or trainee. KMTC graduates are highly sought after and work in far-off countries in the USA, Canada, Australia, the UK, other Western Countries, the Middle East, and Africa, among others.

12. Efficiency driven systems

LEVERAGING IN

e.g E-Learning, Enterprise Resource Planning (ERP), online admissions, digital repository, virtual campus, and simulation laboratories, has enhanced efficiency and effectiveness in service delivery.

13. E-learning

The College has leveraged the use of the E-learning platform, built the capacity of faculty and students on the use of E-learning tools, and is providing continuous learners and content generation support, to ensure students cover their course content, take exams, and graduate as scheduled.

14. Our assurance through the online application system

ALL APPLICATIONS FOR
PRE-SERVICE (CERTIFICATE AND DIPLOMA) COURSES
ARE DONE THROUGH THE KENYA UNIVERSITIES AND
COLLEGES PLACEMENT SERVICE (KUCCPS) PORTAL

following the guidelines therein. All applications for In-service (Upgrading and Higher Diplomas) are done online, through the student portal on the KMTc website www.kmtc.ac.ke – which contains guidelines on the application process.

15. Re-categorization

THE COLLEGE WAS RE-CATEGORIZED FROM
PC 2 to PC 4A
(PARASTATAL CATEGORIZATION)

level in State Corporations ranking, and as such our mandate was expanded to include that of research, in addition to training and consultancy.

16. Research and development

The College undertakes **RESEARCH** *with several studies having been*

FUNDED, CONDUCTED, PUBLISHED

in peer-reviewed journals and presented in various conferences, to contribute to a knowledge-based economy, inform policy directions as well as enhance teaching and learning

17. Ethical professionalism

STUDENTS ARE CERTIFIED
HEALTH PRACTITIONERS

KMTc has inculcated ethics in training, and our graduands subscribe to an oath to uphold professionalism in the health practice. After training, our students are subjected to examinations by statutory bodies, and are certified health practitioners. KMTc has a large fleet of vehicles to ensure students access their clinical training sites with ease and take part in co-curricular activities.

18. Financial Aid

KMTc students can receive financial aid from the Higher Education Loans Board (HELB), National Government Constituency Development Funds (NG-CDFs), County Governments and other development partners.

19. Convenient Fees Payment Mode

FLEXIBLE

FEE PAYMENT MODE AND
ALLOWS INSTALLMENT PLANS.

20. Partnerships

KMTC partners with health facilities, research institutions, universities, development partners and forges industry-academia linkages in support of teaching and learning. The College has also collaborated with County Governments, National Government Constituency Development Fund (s) and other partners, through which the KMTC has recorded growth in the land, infrastructure, equipment and secondment of staff, in support of teaching and training.

21. Fleet of vehicles

KMTC has a large fleet of vehicles to ensure students access their clinical training sites with ease, and take part in co-curricular activities".

22. Transport system

The College owns a fleet of buses, double cabins, and land cruisers to ease the mobility of students and faculty to clinical practice sites, rural experience areas and extra-curricular activities trips.

23. Accommodation

The College offers students optional accommodation on a first-come, first-served basis.

24. Security

The College provides 24-hour security surveillance and patrols in its Campuses and surrounding environment to ensure the safety of students, faculty and staff.

25. Sports, recreation, and Clubs

Campuses have a wide range of sports and recreational facilities as well as clubs and societies that promote multicultural diversity

26. CSR

KMTC is a socially responsible institution and carries out Corporate Social Responsibility (CSR) initiatives in an effort to give back to the community. The College offers free medical services, promotes environmental sustainability, works closely with the community to socially uplift the less privileged, as well as offers emergency disaster response, to benefit those residing in regions of our operations.
